## DESCRIPTION

## Contemporary Villas Inspired by Nature – Mijas, Costa del Sol

Drawing from the traditional house silhouette, the design reinterprets geometric lines to create harmony with the surrounding vegetation and natural movement. The sloping roof evolves into dynamic forms, giving each villa a unique character and creating a distinctive skyline along the Costa del Sol.

Guided by the “Less is More” philosophy, the architecture emphasizes pure, elegant lines and natural materials such as wood, blending seamlessly with the landscape. Each staircase is crafted as a sculptural centerpiece, enhancing the home’s artistic appeal.

These 3- and 4 bedroom villas are designed for spatial efficiency and comfort. Located just minutes from Mijas Pueblo, Marbella, and Fuengirola, residents enjoy easy access to beaches, restaurants, and leisure options. The peaceful setting is close to Chaparral Golf Club, 20 minutes from Marbella, and 30 minutes from Málaga Airport.
