## DESCRIPTION

Welcome to a truly unique beachfront residence in Benidorm, where luxury, comfort, and sustainability come together. This stunning new development is ready to move into and offers just 39 exclusive homes with 2, 3, or 4 bedrooms, spread across 20 floors — each one designed to maximize space, light, and breathtaking sea views. Set in one of the most privileged spots on the Mediterranean, right next to the historic Gran Hotel Delfín, these apartments offer something rare: direct beach access with privacy and peace. Every home features a spacious terrace, underground parking, and a storage room.

Unlike most buildings on the seafront, this residence is thoughtfully set back from the shoreline to create a lush green platform and a spectacular infinity pool that seems to flow right into the sea. It's designed not just to impress, but to live better — with a strong focus on energy efficiency and sustainability, certified **LEED Gold** by the U.S. Green Building Council.

Here, you'll enjoy:

- A 350 m<sup>2</sup> elevated infinity pool with uninterrupted sea views
- Rooftop heated pool and social club on the 19th and 20th floors
- Gym, paddle court, and over 3,000 m<sup>2</sup> of landscaped gardens
